Use SOY and be a WINNER!

With April being National Soyfoods Month, now is a great time to discover the many benefits of eating soy. Now is also the perfect time to discover other products made with soy that are good for you and the environment.

BioKleen makes a *Soy Toilet Scrub*, Gemtek has an *All Purpose Cleaner* made with soy and *Shampoo for Dogs and Cats*, Franmar provides a hand lotion made with soy called *Soy Smooth*, and Soya Systems is a company that has *Finishing Hair Spray* and a *Styling Gel*. These soy bio-based products are just a fraction of items that are available that contain soy and are renewable, biodegradable, and healthy for you and your family. From biodiesel to foods, skateboard wheels to clothing, and candy to teddy bears, soy can be found in many products. This certainly is a versatile little bean.

Visit the Michigan Soybean Promotion Committee web site at www.michigansoybean.org and register to receive a FREE soy recipe cookbook and enter the drawing for a chance to WIN \$100 in soy bio-based products. Kim Dingman from Eaton Rapids was the February winner and Molly Jennings from Grand Rapids was the March winner of soy bio-based products.

There are many soy products to choose from! For information on the listed products, visit Michigan Soybean Promotion Committee's web site or www.soynewuses.org.

Everyone is a WINNER with SOY!
